Generation No. 3

3. CHARLES PAULHILL³ REYNOLDS (*PEYTON*², *CHARLES*¹) was born Abt. 1826 in Marion, Twiggs Co. Ga, and died in Macon, Ga. He married (1) GEORGIA ANN SWEENEY January 1848 in Macon, Georgia, daughter of BENJAMIN SWEENEY. She was born 1830 in Marion, Twiggs Co., Ga, and died July 04, 1854 in Twiggs Co., Ga. He married (2) MARY ELIZABETH RHODES August 26, 1855 in Macon, GA. She was born December 23, 1835.

Notes for CHARLES PAULHILL REYNOLDS:

Charles P. Reynolds (the P. stands for Paulhill) I have been told, and is not Peyton after his father's name, as I had always thought. Charles Paulhill Reynolds was in the Confederate Army in the Partisan Rangers as a Sgt. Co. H 53rd Regiment of Al. He was first inlisted as of August 18, 1862 at Elba, AL by Capt E.P. Fleming for the period of the WAR. He died in a prison at Camp Chase, U.S.A. General Hospital near Columbus, Ohio. Date of death listed as Nov 5 1864. He is buried 1/3 mile South c.c.

Cause of death listed as Small Pox. Number of Grave looks like 410 on the papers I have.

The town of Geneva, AL has out up a Memorial Statue in his honor.

Here is some information on the Regiment that Charles P. served in during the Civil War:

53rd Alabama Cavalry Regiment (Partisan Rangers)

The 53rd was organized by increasing the 1st Cavalry Battalion to regimental size at Montgomery on 5 November 1862. Recruits were from Autauga, Coffee, Coosa, Dale, Dallas, Lauderdale, Lowndes, Macon, Monroe, Montgomery, Pike, Tallapoosa and Wilcox Counties. I proceeded in a few weeks to Mississippi. In moving from Columbus, Ms to Decatur, Al., in Lawrence County, Al., a portion of the regiment was there equipped and proceeded to join General Earl Van Dorn. This Battalion was in the fighting at Thompson's Station, and at Brentwood. The regiment was engaged in the fight with Union General, Grenville Dodge at Town Creek and in the pursuit of Union Col. Abel Streight. Soon after, the 53rd joined the main army at Dalton as part of General Moses W. Hannon's Brigade, General John Kelly's Division. It operated on the right of the army as it fell back toward Atlanta and was engaged in constant duty. When Union General William T. Sherman reached Atlanta, the 53rd was the principal force engaged in the daring raid in his rear, whereby a valuable train was destroyed. It was then at the heels of Sherman as he devastated Georgia and the Carolinas, and it took part in the last operations of the war in that quarter. It surrendered a small number with General Joseph E. Johnston at Durham Station. Orange County, NC, on 26 April 1865.

Feeding During the First Two Years

It is natural for babies to nurse well. Mothers often, therefore, pay little attention to the manner in which it is done. The mother should be observant and see that the baby nurses steadily during the feeding period. If for any reason the baby refuses to nurse report the fact to the physician.

NEWTON TEACHERS GET GOOD POSITIONS

Several of the 1933-34 Newton teach- ers will not return this fall. It is understood that they all have secured very nice positions elsewhere. Among those that will not return are: Miss Corinne King of Buena Vista who goes to Winona; Miss Clydamae Izard of Biloxi will be a graduate student at the University of Mississippi; Coach W. E. Strange of Enterprise goes to Boyle.

Mrs. S. B. Garrett of Newton (nee Miss Elizabeth Russell) to Kosciusko; Miss Lula Mae Fowler of Batesville goes to Gulpport High School; Miss Zelda Moss of Raleigh to Monroe, (La.) High School; Miss Martha Strahan of Grenada will be secretary to the President of State College at Starkville; Miss Louise Mimms of Utica to the University High School at Oxford and Miss Alise Moffatt of Byhalia has a position elsewhere.

Cooperating Farmers Sound Victory Paeon For Cotton Recovery

Five Years of Single-Purpose Effort, Treble Price, Insure Prosperity Return

Cotton producers are within striking distance of the goal of adjusted production and supply as well as the parity price goal of fifteen cents per pound, thus marking the achievement of farm cooperation unexampled in American Agriculture and constituting deserved fruits of victory, writes J. C. Holton, Commissioner of Agriculture.

"The best news to Mississippi farmers since the beginning of the depression was conveyed in the Federal estimate of 99,195,000 bales of cotton this year. It means that a five-year effort to rationalize production has been crowned with success. It means fourteen cent cotton for the first time in four years, with a reasonable prospect of the parity price of fifteen

THOMAS J. REYNOLDS DIES AT CHUNKY HOME

WAS NEWTON COUNTY'S OLDEST CITIZEN

Had Served the County in Many Capacities; Taught School a Number of Years

Chunky—Funeral services for Thomas Jefferson Reynolds, 96, whose death occurred at the home of his son, E. L. Reynolds, in Chunky Friday, were held from the Chunky Baptist church Saturday afternoon. The Rev. Eugene Stephens, pastor, officiated and burial followed in the Blue Springs cemetery, with the Masons in charge. A large crowd of relatives and friends attended.

He was the oldest and one of the most prominent residents of Newton county, having held many positions and offices of honor. He was first mayor of Chunky; he served as deputy sheriff of the county for many years; was a prominent educator of the state, for 40 years he taught in the schools of Newton county and for four years he served as its county superintendent of education. He was a Confederate veteran, having enlisted in the Confederate army during the War Between the States, was promoted to captain and was severely wounded at the battle of Franklin, Tenn. He was born and reared in Newton county.

Mr. Reynolds was a consistent member of the Baptist church, and was active in fraternal circles, having held membership in the Masonic lodge of Chunky.

Surviving him are four sons: R. K. Reynolds, Laurel; A. P. Reynolds, E. L. Reynolds, Chunky; E. F. Reynolds, Jackson; three daughters: Mesdames Mary Tatum, Chunky; J. A. Johnson, Duffee; E. H. Bush, Soso; 38 grandchildren, 113 great-grandchildren and 19 great-great-grandchildren.

PLAN TO MAKE STRAWBERRY SURVEY OF COUNTY

The Strawberry project committee plans to make an intensive campaign to put over this project.

Our county is primarily an Agricultural section, and the purpose of this is to add another money crop. The strawberry crop comes in at an early time, when money is needed to finance later crops.

The people, who have been giving much study to this crop, recommend that each farmer will branch out in this new industry in a small way, because there would be all to gain and nothing to lose.

It is desired that one hundred and fifty farmers will plant one acre each, in order that car lot shipments can be insured thus bringing highest market prices.

The prices of foods are looking upward giving an incentive to the growing of this new crop.

Questionnaires will be mailed to all farmers through County and Home Demonstration Agents. If you do not get one, call on the above parties and they will be glad to furnish you with one. Please cooperate by answering your questionnaire at once.

Big Eastern Firm Sends Repre- sentatives to Look Over Situation

Newton is standing in line for a new garment factory. Eastern representatives have been in Newton recently and have made a survey of the town and surrounding territory. Present indications seem to favor Newton.

If the firm should locate in Newton, they guarantee to give employment to a minimum of 150 girls and a maximum of 300. The company is anxious to locate in Mississippi and the

DESCENDANTS OF HEZEKIAH BYRD

1. HEZEKIAH BYRD was born in South Carolina, between 1787, and 1791. He attests to the 1791 birthdate on the Military Bounty Land Application filed in Probate Court in Greene County, MS, on 9 February 1852, and to the 1787 birthdate filed in Perry County, MS, on 3 September 1855. He served in the South Carolina Militia, commanded by Col. Rutlige, in the War of 1812. He was drafted in Orangeburg District, South Carolina, in March 1813, for a term of three months and again in July, 1813, in Col. Youngblood's Regiment of the South Carolina Militia. He was discharged at Simmons Bay in October, 1813.

A Hezekiah Byrd is listed as having adjoining property to William Gressett in Orangeburg, South Carolina, on a grant dated 3 April 1818. The name is Ezekiah Byrd on the 1820 Orangeburg Federal Census. His age is listed as between 26 and 45 years, with two males under 10, one female under 10, and one female over 45. The age of the older female is not consistent with that of his wife, who is designated on the 1850 Greene County, MS, Federal Census. There may have been an error on the enumeration or he may have had more than one wife.

Hezekiah's wife is listed as Mariah Byrd on the 1850 Federal Census for Greene County, MS. Family tradition supplies her name as Mariah Monk and further maintains that she was French. Her birthplace is listed as South Carolina, on the 1850 Census.

He appears for the first time on the Greene County Tax Rolls in the year 1827, for which he is taxed for slaves, cattle, one horse and a poll. He remained on the Tax Rolls through 1842. He was still living in 1856, so his exclusion from the rolls in 1847 was an oversight or he owned no taxable property.

According to an old genealogy that is undocumented, he lived in Clarke County, Alabama, before coming to Greene County. He, his family, his two brothers and their families drove a herd of red and white spotted cattle from South Carolina to Clarke County where some were sold. The tax records confirm that he came to Greene County with cattle.

On the 1830 Census, Hezekiah Byrd is listed as between 40 and 50 years, with two males between 10 and 15, two males between 5 and 10, and one male under 5. The females are: one 20-30, presumably his wife, one 10-15, and one under 5. Both younger females and one male, 5-10, are unknown to the family tradition. The 1830 Tax Roll places his location as Leaf River and Rogers Creek. In 1831, he is listed on Atkins [sic] Atkinson Creek. This is in keeping with the location of the Byrd descendants. At that time, the County Seat was located in this area.

The 1840 Census enumerates the head of the household as between 50 and 60 years, his wife between 30 and 40 years. In addition there are eleven males and two females. Family tradition and census searches have only recorded eight or possibly nine sons and one daughter. It is possible that all the children enumerated are not those of Hezekiah Byrd or they were and died before they reached maturity and were not remembered.

2. JOSIAH W. BYRD, [son of Hezekiah] was born in South Carolina, probably Orangeburg District, 2 April 1816, and died in Greene County, MS, 28 July 1902. He came to Greene County with his family when he was eleven years old and lived there for his remaining 75 years. He married Mahala Breland [b. 12 January 1824, d. 5 July 1901, daughter of Hiram] around 1844. He appears on the 1847 Greene County Tax Roll for the first time. He had ten children, all of whom lived to maturity and had issue. His occupation is listed as a farmer and his location is listed as Buck Creek on the 1850 and 1860 Censuses.

He was a private in Company B of the 3rd Batt'n. of the Miss. State Troops, during the Civil War. He enlisted in Leakesville on 7 February 1863 for an indefinite term and was discharged on 31 March 1863 for a Surgical Certificate of Disability. The Discharge Certificate describes him as 6 feet tall with dark complexion and blue eyes.

On the 1860 Census, Josiah's estate is valued at \$600.00. On the 1867 Tax Roll, he is taxed for one gun and one dog. This was common in the South after the War. By 1870, he had accumulated an estate of \$945.00 for livestock.

He homesteaded in the area of Atkinson Creek, where his father had located 40 years earlier. He was affiliated with the Washington Baptist Church and both he and Mahala are buried in the Church Cemetery at Neely, MS. For several years before his death, he made his home with his son, Josiah Byrd, Jr. His wife preceeded him in death by one year.

15. BERTHIE MAHALA "BERTHIE" BYRD, [daughter of Josiah, W., Jr.], was born 7 September 1892, in Greene County, MS. She grew up in the Community of Pleasant Hill and began her school years at the Skull Fork School, walking a distance of five miles each way. She later attended the Pleasant Hill School where she, along with her sister "Myrt", was a member of the basketball team. She received her early religious training at Pleasant Hill Baptist Church, where her parents were Charter Members. A deep faith, in God, was instilled in her by her parents and she remained true to this faith until her death. She married James Nathaniel "Nath" Sowell, [b. 19 March 1887, in Perry County, MS, d. 28 March 1958], son of Charlie and Miranda Elizabeth [Dunnam] Sowell, on 12 December 1915, in Greene County, MS. They were married by Charlie Dunnam, M. B. S. [Member of the Board of Supervisors]. After living in several saw mill and logging towns, they settled in the Town of Leakesville, MS. "Berthie", along with her family attended the First Baptist Church of Leakesville, where she was an active Member. Except for a brief period of time spent in Mobile, Alabama, where "Nath" underwent eye surgery, they continued to make their home in or near the Town of Leakesville, for the remainder of their lives. "Berthie" and "Nath" had eleven children, nine of whom reached maturity and had issue. At the time of her death, she was a Member of the Cedar Grove Baptist Church, in the Community of Jonathan, where she lived. She died 3 June 1977, and both she and "Nath" are buried in the Pleasant Hill Church Cemetery, Greene County, MS.

~~Myrtle Baptist Church~~ Myrtle Baptist Church

In 1887 a small group of Christians met at a little school house where the Town of Myrtle now stands to have a prayer meeting after which they discussed the organization of a New Testament Church. After much prayer and counsel, the decision was reached that there was a definite need for a Church to be organized in Myrtle; therefore, the group being led by the Holy Spirit, covenanted together and formed the Myrtle Baptist Church, with fourteen (14) charter members who were: Mr. and Mrs. J.T. Baker, Mr. and Mrs. Jess M. Riley, Mr. George W. Riley, Mr. Edgar Riley, Mrs. Ella Riley, Mr. and Mrs. J.T. Swain, Mr. and Mrs. Joe G. Stocks, Mr. Levi R. Baker, Mr. J.J. Scott, Mr. J.E. Coltharp.

The Reverend B.F. Whitten was called as the first pastor, and the Church was accepted into the Chickasaw Baptist Association on September 16, 1887. The newly formed Church group continued to pray and work until they got a building to worship in. Mr. J.T. Baker, Mr. J.E. Coltharp, and Mr. J.T. Swain played a big part in paying for and erecting the building. The building was completed and dedicated free of debt on the third Sunday in August, 1888, with Doctor W.T. Lowery preaching the dedicatory sermon.

The Church continued to prosper through the years under the leadership of the following pastors: Reverend B.F. Whitten, Reverend Turnage, Reverend R.A. Cooper, Reverend George Potter, Reverend J.D. Anderson, Reverend L.R. Burris, Reverend W.H. Berry, Reverend I.P. Randolph, Reverend E.L. Wesson, Doctor J.E. Buchanan, Reverend J.P. Horton, Reverend W.J. Hargis, Reverend T.A.J. Beasley, Reverend C.W. Smith, Reverend Ronald Q. Leavell, Reverend Harvey Gray, Reverend J.A. Huffstatler, Reverend F.Z. Huffstatler, and the present pastor, Reverend Percy A. Ray.

When the pastor just prior to the present pastor left, the Church failed to call a pastor for a long time. When the present pastor accepted the Church in 1935, it was in such bad condition, he received only \$3.00 for his services the first three months he was in Myrtle.

Reverend Percy A. Ray, who was born May 21, 1910 near Chalybeate, Mississippi, came as pastor on December 15, 1935. He joined Chalybeate Baptist Church at the age of eight (8) but was not saved and several years later, he had his name dropped from the Church roll becoming a skeptic and living a skeptical life for sometime. He was against the Church and preachers and fought them openly. He was not saved until 1932. Soon after being saved, God called him to preach and he was ordained to the gospel ministry by Chalybeate Baptist Church in May of 1932. He began preaching immediately wherever the Lord opened the way, feeling a call to help the neglected country areas and run down and discouraged rural Churches; therefore, he gave himself to revitalizing the country church. After being saved, his life made a complete change, dedicating and committing himself to the cause of the Lord and his work.

Since Reverend Ray came to Myrtle as pastor at the young age of twenty-five (25), the Church has grown rapidly. The Church has always had a Sunday School

nized at the Church in 1922 with Mrs. Lackey as the President. It was mostly through the efforts and influence of Mrs. Lackey that the Woman's Missionary Union was formed. The W.M.U. has been active since it was organized with the following Presidents/Directors: Mrs. Lackey, Mrs. Huffstatler, Mrs. Rose Collins, Mrs. Tom Reynolds, Mrs. A.E. Jolly, Sr., Mrs. Imogene Miller, Mrs. Frances Dowis, and Mrs. Olga Simmons. Under the direction of Mrs. Simmons, the Woman's Missionary Union currently has four groups with a total enrollment of twenty-four (24).

Reverend Ray conducted a revival in the Church in 1936 resulting in 137 professions of faith and 69 being baptized into the Church. Many of the ones saved were already members of the Church. This revival was a real spiritual awakening for the Church and area.

The first Church building had been standing almost fifty (50) years and was almost ready to fall down. The building was in such poor condition it had to be propped up by poles to keep it from falling. When the roof caught on fire in 1937, Reverend Ray began laying on the hearts of the members the need for a new building and also urged the members to move to a different site for the church to be built. The old building was located by the railroad tracks and the pastor would have to stop preaching and wait for the trains to pass because of so much noise (and trains passed every service).

Many of the members opposed the building of a new Church, and many of the old members fought the idea of moving the building to a new place. Many feared the Church was not able to build a new building, but Reverend Ray kept on preaching, pleading, and praying. After much encouragement from the pastor, the members agreed to erect a new Church building at a new location. The location selected was an acre of ground on Highway 78 (same location as present facilities).

The ground was dedicated to the Lord, and the work soon began with the pastor as chairman of the building committee. The pastor put on his coveralls, took a group of men, and went to work and the building was ready for services the first Sunday in June, 1938. It was paid out of debt on May 15, 1939 and was dedicated on the third Sunday in June, 1939, with Doctor J.W. Jent of Shawnee, Oklahoma preaching at 11:00 a.m., Doctor I.N. Penick of Jackson, Tennessee preaching at 2:00 p.m., and Doctor R.G. Lee of Memphis, Tennessee preaching the dedicatory sermon at 3:00 p.m. The pastor prayed the dedicatory prayer.

The Church continued to grow spiritually under the direction of Reverend Ray. After spending much time fasting and praying, the Church voted in 1948 to start Camp Zion with the first meeting being held in 1949. The Church sanctuary was used for services and the Church basement was used for kitchen facilities and sleeping quarters. The camp has a threefold purpose which is: (1) To call America back to God, (2) To bring revival to the Baptist Churches in America. (3) To gain a better understanding of the work of the Holy Spirit in the lives of believers.

Many of the Church members

the Lord's plan for the Camp under leadership of Reverend Ray.

The Lord tremendously blessed Church and the Camp. The Church was to purchase land adjoining its one acre and the Church began to build the facility to meet the needs of the Camp as the impressed upon them and provided funds so. All of the buildings are named for "fruit of the spirit".

As the Church grew, the pastor members saw the need for a larger, modern facility for the Church. Reverend Ray led in the construction of the building and the Church moved into its present building in 1968. Mr. A.E. Jolly, Sr., a deacon of the Church, asked the pastor to pray him that the Church would be debt free when it was completed, and the Church was debt free when the first worship service was held in it. There was a very impressive move of the old church into the new church with present pastor bringing the first sermon. The dedication of the Church was held in September of 1970 with Doctor R.G. Lee preaching on Sunday morning and Doctor Joe O preaching on Sunday night.

The old Church, which is where "it started" is standing by the side of the present Church building.

In November, 1969 many members Myrtle Baptist Church along with other concerned Christians held a prayer meeting and service at the Nation's Capitol and at the capitol of every state in the United States. In the mid 1970's the Lord blessed the Myrtle Baptist Church choir enabling them to record two long play albums of old time favorite gospel hymns.

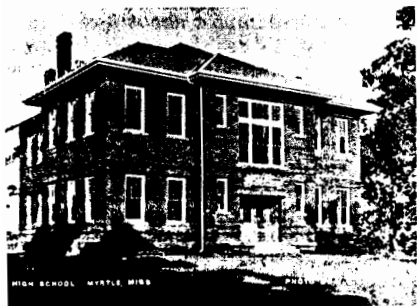

Reverend Ray, a very mission minded preacher, has devoted his life for the past fifty-three (53) years to pastoring Myrtle Baptist Church, directing Camp Zion, and traveling all over the United States in evangelistic meetings. However, Reverend Ray suffered a massive stroke on December 15, 1988, and he is still in the Baptist Memorial Hospital in Memphis at the writing of this history.

The Church is presently finishing the construction of a new tabernacle with five thousand (5,000) seating capacity which will be used for services of Camp Zion. The first service in the tabernacle was held in March 1987.

Because of and through Camp Zion, Myrtle Baptist Church has influenced many Baptist churches across the nation. There is probably no other church known across the nation as much as Myrtle Baptist Church.

Myrtle Baptist Church celebrated its one-hundredth anniversary and the fifty-second anniversary of Reverend Ray as pastor on the third Sunday in December, 1987. Today, Reverend Ray has been pastor of the Church for over fifty-three (53) years, and the Church has 107 members with an active Sunday School, Training Union, and Woman's Missionary Union and conducts two camp meetings each year.

lasses went only through the eleventh
le until about 1925 when the twelfth
le was added. Some of the students that
graduated a few years earlier came back
chool for the additional education. Some
re principals and teachers in the 1920's
1930's were Clay Collins, Amos Dorman,
Miller, Joe Pannell, Ward Luna, Billy
herton, Eason and Whitten. The dates
hese are not known. Mr. Brannon was the

Principal in the mid-twenties. He was fol-
lowed by Mr. Jacob (Jake) Lindsey, who was
also the Math teacher. About 1932 Mr. Zack
Whisenant became Principal. Under his
leadership WPA funds were secured from the
Federal Government and a new school was
built south of the highway and railroad where
a large lumberyard had once been. The
building was completed in 1934 in time for
the graduation of the seven member senior
class. A two room Primary building was
moved from the former location to the new
school to be used for the vocational training.
The old brick building was torn down and the
materials were used in the building of an
elementary school. Money from the govern-
ment recovery programs enabled the school
also to build a gymnasium.

Mr. Whisenant served until the spring of
1937. That fall term Mr. J.B. Henderson
became Principal and remained until 1941.
He was followed by Mr. R.W. Cannon who
served for the 1941-1942 school term. Mr.
A.J. Gladney then became Principal and
served a year when he was drafted into the
army. Mr. Robert Timbes and Mr. Delma
Hill were each Principal for only a year. In
the fall of 1945 Mr. J.S. Speck was elected as
principal and remained until the spring of
1958. During his tenure the vocational build-
ing burned in 1946. It was replaced by the
present vocational building in 1947. This
building included the Homemaking depart-
ment, the Agriculture classroom and the
Shop. The High-School building was remod-
eled and enlarged in 1951-1952. Indoor
plumbing was installed, additional class-
rooms were added and the building was brick
veneered.

In 1958 Mr. J.B. Bryant became Principal.
A new elementary building with additional
classrooms and a combination auditorium
and cafeteria was built in 1960-1961. Ill
health caused Mr. Bryant to give up his
position in 1961 and serve as assistant
principal for a year with Mr. J.B. Henderson
coming back as Principal. Mr. Bryant's
health had improved enough for him to
resume his duties and serve until 1967.

The county schools were reorganized and
consolidated in 1961 into a county system
with a five member board of trustees and a
superintendent elected by the people. There
were four attendance centers with a Principal
at each one. Myrtle was chosen as one of the
centers with Mr. Bryant as Principal. With
a larger enrollment more classrooms were
needed. The former elementary building was
renovated and used for the first and second
grades and two mobile classrooms were
moved to the campus. Additional property
had been bought in 1958 giving room for a
baseball field and other expansion. A new
gymnasium was built in 1965. The old one
was torn down and part of the material was
used in the building of two new teachers
homes.

In 1967 some remodeling was done in the
high school building. The library was moved
into a larger room adjacent to the study hall
and a full time librarian was hired. With the
aid of Federal grants many new books were
added and other educational aids were
purchased. Mr. Bryant had retired in 1967
and Mr. H.L. Hellums was elected as princi-
pal. He resigned after 1 year and Mr. James
D. Hood served until his retirement in 1983.
In 1972 an addition was made to the elem-
entary building for the first and second grades.

The old primary building became a pre-
school facility. A modern airconditioned high
school building was built in 1977. The old
building was torn down and the area was
paved for parking.

No story of Myrtle School would be
complete without the mention of basketball.
It has been the leading sport with the boys
teams participating in state tournaments six
times, once when Loyd White was coach, four
times for Harvey Childers and once since
Elvis Thomas has been the coach. They have
not yet won the championship but there is
always next year.

After Mr. Hood's retirement in 1983, Mr.
Paul Nolan, a former student at Myrtle
became principal and is serving in that
capacity. There are now thirty-six certified
teachers, ten aides and assistants, nine bus
drivers and seven cafeteria workers on the
payroll. A computer lab was established
about 1985, a foreign language is being taught
and plans are being made to get Distance
Learning by satellite for teaching advanced
math and science. The total enrollment of the
school in 1989 is six hundred and six students.

THE WAY BUN COFFEY REMEMBERED MYRTLE

"The New Albany Gazette" - 1973

This article was written by Mr. Coffey on
request by The Gazette, and the anecdotes
which accompanied it made editing a rare
pleasure. Mr. Coffey worked until almost 3
a.m. on the story, writing in longhand, and

then was up and at work early the next morning in his usual, vivacious manner. Quite a feat for a younger man, and extraordinary for a man of Mr. Coffey's age. But then Mr. Coffey is an extraordinary man.

One of Mr. Coffey's comments to the Editor said: "Another suggestion to the 'Editor' . . . please feel free . . . severely edit these thrown together un-readables . . . throw out as much as you care . . . (we had better be more careful of 'timber' . . . especially of writing paper) . . . and sure enough 'Uncle Fuller' won't care . . . just be ok . . . to reduce it to the very minimum."

Mr. Coffey, we wouldn't leave out a word. Your article and manner is priceless.

By: Bun Coffey

Sometime after 1890, I well remember one of our early trips to Myrtle. We lived then beyond Puss Cuss Creek, some two miles from Uncle Will Coffey, papa's brother, right near Etta. We called it Rocky Ford (that sounds better to me.)

Anyway, papa had bought a lot of sheep, and us boys had earlier sheared their wool off, and my older brother Jim Andy; my doctor brother, George of Hot Springs; and Guy and Grover's younger brother, Will, hit out for Myrtle to sell the sheep's wool.

One thing that made me remember so well the trip to Myrtle was the pair of pants I was wearing! You see those days the older brother passed to the next brother clothes that had become too small for him. It was getting hot weather, lay-by time — then I didn't know what shorts were. In cold weather we had outing drawers, but hot weather it was simply blue shirt and overalls. So we had hardly gotten started I began to itch and how! The pants were blue serge, I think, mostly goat hair instead of wool! Even today, I have to have my "shorts" for winter "spliced" to keep down the Myrtle trip scratching. (Note: Our daughter, Elizabeth Gladney, fixed me two pairs immediately after they moved back to Myrtle.)

Then another thing that caused me to remember Myrtle so well — immediately upon getting to town, hot and tired, after the long trip, (itching too), we went to the Little Side Room, sort of a cafe type affair. They sold cold drinks, cut open sardine cans, salmons, and such. Delma Goode, later he became a doctor and recently retired as superintendent of Veterans Hospital at Hot Springs, Arkansas, of course knew the first thing we country boys wanted was "strawberry soda pop". Except we oughta explain that a little — the old timey bottles had a stopper valve inside the bottleneck and extended out of the neck.

When you struck that against the counter to open the drink it began to "spew and foam". So we counted big on that kind of drink; but there was a "City Ike" boy standing there, and he had given us Country Hoosiers a going over, and he quickly says, "Why don't you fellows get that "new drink!" "What's that?"

"Coca-Cola". And we bought it!

I used to make out like I couldn't swallow a pill or capsule and took raw quinine in molasses — that tasted wonderful beside that first Coca-Cola! (Incidentally, the person recommending that first Coca-Cola was the late Leo Holloway, Mrs. Doyle Branyan's brother, a marvelous feller. Later we went

into business together buying up chickens, eggs, and coon hides, possum, and other hides at Myrtle.)

Maybe I should mention another thing about that early trip to Myrtle. So often, even these days, we get stuck at the railroad crossing waiting for a long train to pass. I still remember my older brother's caution that day when a train approached the depot. We ran near the track to see it, and he strongly told us to be sure to "hold on to the telephone post so the train couldn't suck us into it."

Time — even in those slow moving days — can get by. We moved from Oxford to Myrtle about 1906. That fall was a "high water" time. We just missed swimming our team of horses to the Surry Crossing. The water was outside the riverbank and the milk cows jerked aloose from Jim Andy.

I, standing on the back of the surry, and a gentleman recovered them with a canoe boat and led them out of the water!

Sure, I took up a little extra time in this introduction, but I had to give Myrtle time to grow up to fair size little town.

As Bro. Paul once said about his home town of Tarsus "no mean city". (He wasn't considering what the word usually has reference to?) He was comparing to its contemporary cities and so, as we compared Myrtle to other nearby towns — Yes, there was a long row of stores, some the peers of the better stores across the country! They were what we referred to as "general line" stores.

Families came to do all their trading, their family needs, barrels of flour, salt, overall outing, piece goods, shot guns, saddles, nails, saws — and all — you just name it. The big department stores — today the big shopping center — or let us say the "malls." (Same principles, except in those days at Myrtle we parked the wagons, buggies, horses at the back of the store.)

And while we are talking about stores, what about mentioning some. Suppose I start off down near the street end railroad crossing. Coltharp and Reynolds. (My brother-in-law, Lamar Coltharp, of New Albany and Curtis Reynolds of Myrtle) their fathers Swain and Whittington families moved away, Kirk Tire's wife's father, there's Mrs. Coffey's daddy's grocery, Murray and Mr. Scott (Mrs. Scott Gray of Memphis) her father then three separate Fraziers, Mr. Sam Frazier, no children; Mr. Clarence, (folk in Memphis and Mr. J.A., his widow, Mrs. Julie Powell Frazier of Lovelawn, and Mr. Andy Holloway, Mrs. Doyle Branyan's father. Later on, Mr. Scott and McCauley, and they were succeeded by Mr. Andrew Collins, Mr. Connie Collins — president of a bank in Holly Springs.

Businesses that later came into being were Mr. Edd Smith, Mrs. Kat's husband and Mrs. Travis Gray, Mr. Bateman, Miss Clara's of Myrtle, and Paul of Memphis, Dad, Mr. Frank Williams, Mrs. Williams of Myrtle, Mr. Fred Whittington, Mr. Clyde Harrison (My first work in store).

Remember so well one hot summertime I was dusting out shelves spices, and pepper, mostly pepper, and a pal came along. And wanted to know if I wanted a "chew".

"Sure", I said "hand it here." Bit off a big chew of Star Navy — talk about being sick!!

Of course, most people that traded at Myrtle were farmers. Many farmed, but also at "layby" time, and after crops were gathered, would go to the woods, make cross ties, work at saw mills and there were piles and

piles of cross ties stacked all along the railroad, and stacks and stacks of lumber, most everywhere.

People often remarked and all my life I've heard it said, "Someday the timber will play out" — they didn't believe it, but sure enough the "gasoline saw outfits" came, and in most every hill and hollow.

And sure enough it did to the last of the "Planeing Mills".

Yes, along about 1910 to 1920 were peak days at Myrtle. Recall that Mr. Murray and Mr. Reynolds went on a big buying trip to St. Louis about 1911. Back of the store where houses are were farming implements, most any kind. Out at the big platform beyond the depot, every fall the depot agent (that time Graham and James Abernethy's dad) would have a lantern at night, loading cars of cotton.

My earliest memory of getting letters was at my Aunt Molly Coffey's below Rocky Ford. She was the Post Mistress at Kilgore (a side room) and Mr. Beckworth brought a "locked pouch" from Myrtle. Then it was Mrs. Lilly Moss at Myrtle. Should mention too, about "Mail Clerks", those that worked in mail cars on the railroad. One reason there were so many from Myrtle.

When they registered at Memphis, the head office, some one would yell out "Another one from the Myrtle Hatchery". Think of the late Mr. Clarence Myers, they tell it on him, that he had the 'Appointment for Mail Clerk' and Clarence Cook a good hold on the hoe handle and gave it a long heave saying with it, "Good-buy, I'll never see you again." There were too many to name, but the older ones, Mr. Charles Collins, the Hill Bros., Cossett . . .

Imagine something should be said about Medical Services. Sure, we had doctors in those days, they not only made house calls in town, but also all over the country side. And they came at all hours of the night, however, cold or hot, and mostly horseback.

Later on, when cars came in the doctor could get there the same day he received the call, unless it was winter time and he was bogged down in a mudhole. Mr. Darden was the first person in Myrtle to own a car. It was a Ford Roadster!!

He carried so many riding their first time to be in a car and when he found a fairly level road, he would speed it up perhaps 25 miles per house and his passengers would really grip whatever they could hold on to!!

We used to laugh so much about Dr. Darden's new idea of getting the car washed off. Those days the wheels had wooden spokes and the mud would get clogged in the spokes and was difficult to get cleaned. He remembered that Mr. Jap Coltharp had a big water pond (now Mr.A.E. Jolly's, former school superintendent in this county) that gradually sloped toward the deeper part. He was already dressed for a special trip and he says to himself "That's where I am going to get a good car wash easily. And so he speeded up its engine and drove right into it, thinking the wheels, a buzzing quickly, would get cleaned. But he overlooked about the engine getting too deep, and almost immediately it was dead. The water was too deep to wade out, in a new suit so soon someone heard somebody hollering, "Get a wagon and team . . . come pull me out."

There were other doctors too, Dr. Purnell and Dr. Good, later Dr. Pennebaker, the late Dr. David's dad. And in Myrtle you well knew

when Dr. David had visited somebody sick in Myrtle . . . you would see the youngsters on the streets chewing gum. He really passed out many a package of gum to youngsters of this whole area.

Reckon shouldn't we mention schools . . . they're always so important. Wasn't too many years after we moved to Myrtle they built a new brick building right on top of the hill above town.

And let me hurriedly mention that Dr. Darden took such a big hand in getting it built.

After that there began the consolidation of the smaller one teacher schools. Mr. Edd Blizzard was one of our early principals and you talk about order . . . he kept it!

He would take a seat on the stage, and really watch what was going on and it just simply made no difference who they were, boy or girl, and how big.

The late Mr. Henry Megginson told this incident about the late Mr. Jim Coltharp's two grown sons, the late Hubert and his brother Glen. They were at the time attending the small school, Sanders, but their dad, Mr. Jim, wanted them to come to Myrtle in charge of Mr. Blizzard. So come Monday morning, here comes Hubert and Glenn, wonderful fellows.

When they got to school house hill . . . they got another idea. Since they liked to smoke, they just decided they would delay their entrance until recess. They would bask on the hillside in the sun and smoke!

Soon they were absorbed in conversation . . . not aware of what Mr. Blizzard was doing! All of a sudden, quick as a diadapper hawk could grab up a little chicken, Mr. Blizzard swooped down, grabbing each of them back of the neck, brought their heads together with a bang and up to that school house they were taken in no time at all. (Now, Glenn . . . that's Henry's version of the affair).

All of us traveled by train those days. We had a bunch of trains. Local ones stopped, others we referred to as fast mail trains — they didn't. There was a contraption we called a "mail crane" where the post office put letters in a pouch, and it was attached and the trains didn't have to stop. The mail clerks swung out a "grab hook" to catch the bag! Right amusing.

Just beyond this mail crane was a little "comfort house" (Those days no "indoor" affairs) Mr. Clarence Frazier had built a new store and a traveling painter was passing thru, and Mr. Frazier got him to paint for his store a big, pretty sign. Soon October came along and of course the "gang" had to think of something to do on Halloween night. (and of course they had "Watergate affairs those days too) So somebody made suggestions, and next morning where the 6 o'clock passenger train stopped, they were raising the windows and reading out loud "C.A. Frazier" on the little "comfort house". And about that time they also looked out across the "Old Music Hall", formerly Mr. T.W. Graham of Blue Springs, daddy had a store and big cotton shed, and on top of it was Mr. George Smith's buggy, that someone had lifted up on top of it.

There were two certain boys, going from home to town one Saturday night, one carrying an oil can home for light. They decided on a short cut, even passing thru a fellow's yard. One noticed their "comfort

house" and said "Have you got a match?" and these unfortunate people didn't even have a "cow barn" to hide in!!

Terrible, I'd say!!

Sure, Myrtle, as other small towns of that time, had a bank. Don't recall who started the first bank. Then, I am quite sure I wasn't thinking much about banks. Maybe having a dime for Saturday evening to spend going down to Mr. Frank Frazier's drink stand, persuading him to take a nickel for a slice of cheese and a big sweet cake too!

Seems like I had heard that the late Mr. Kenlock Owens came over and ran the bank awhile. Later . . . Mr. Tom Scott, Mr. Albert Collins, then for years, Mr. John Miller and Arnold Smith (Father George), later, that well-known Miss Nellie Sanders, helped. (Now don't tell me that was one of the reasons the bank finally liquidated!)

Maybe we should say a few words about an ever growing business and residents — its social activity. Most of our night dating had to be on "Light of the Moon". Oh, yes, that time before we had concrete walks, we had one long "2 plank walk". Let's make this clearer! These were 6" to 10" wide and separated from each other over a foot. Unless you had a lantern it was risky to walk the walk on dark of the moon. (Now, would you want to date a girl, and go along with a lantern? Certainly not).

Of course Sundays were some better, along Lock Creek, above the road, was "wood", then and a footlog to cross the creek, back of Mr. Higganbotham's, (Mrs. Emma Brooks' dad) at Roselawn and she will be 103 on July 16. This path also went to what we called those days "the fish pond", now occupied by the Presbyterian Church Recreation Club or park.

Sure, we should mention Hotel!! Why "The Byrd Hotel" was known far and near. Mrs. Holloway's daughter took it over, and let me tell you a little incident. You see, in those days, nearly every family in town had gardens, hogs, chickens and milk cows. No I think, only Mrs. Fay Ray had horses and Elmo Simmons, chickens and Miss Hermie and Ruby Herrington, Mrs. Earl (not too much Earls) and Roy Parden have gardens. Unless Gene Simmons too and so "once upon a time" stocklaw came in, and there was a nearby family that did away with fence around the fields and since nearly everyone had cows, just turned them out of the barn after milking and sister cow just let out to feed good grazing.

So this certain family put the cows up and charged for them. But one day their "Jenny Donkey" strolled downtown where the Hotel Folks took it in hand, fed it well, some day for a big charge, then notified the family.

They sent word back "just keep it for the feed, they only wanted to get rid of it.

Understand the donkey spent its remaining days pulling a cart for the late Mr. John Goolsby of Enterprise!

And we had churches, too — the Baptist and Methodist practically the same congregation each had preaching "once a month" at Methodist Church, Prayer Meeting Friday night, the Baptist Wednesday night. Let's put in something here that should be mentioned and that's about our "homecoming" at the Methodist Church Sunday, May 27, with the sermon of the day by Dr. Jeff Cunningham of Memphis, Tennessee, the son of Rev. Lige Cunningham that perhaps was one of

the most beloved pastors to come our way.

At that time the Myrtle Charge consisted of Myrtle, Union Hill, Friendship (now Enterprise), Glenfield and Bethlehem. Bro. Cunningham first started us with a "halftime". Brother Jess was a small boy then. His sister, Mrs. Myrtle Cooper of Corinth, was born at Myrtle, and they gave her that name!

Incidentally, I often think back those early days about who was "church janitor". I remember so well when we first moved to Myrtle, the first Sunday, we came to church for Sunday School, and the first person I saw at church that morning was Mrs. Coffey's dad who had swept the church, made the fires in the stove! (And mind you he had put in a hard day at the store.)

Guess he became my church hero, but I am telling you I sure did have a time getting that daughter of his — (I don't mean maybe, either!!)

May we suggest, of course, we had many wonderful members at the Myrtle Lodge, but we dare say doubtful if anyone ever put in more time, made more trips and did more regular attendance than Mr. A.D. Dorman!

Of course Myrtle long since lost her big business, but we are building new homes here, beautiful homes, too.

We've four churches and another has been organized. We have the Temple Baptist, beside the older original church and the Church of the Lord Jesus Christ. The new churches are well equipped with Sunday School rooms and the modern conveniences, another in a trailer at the Assembly of God.

We certainly should mention the older Baptist Church, Mt. Zion, that's been in process of building some 20 odd years. They have some outstanding facilities for taking care of conferences. They have one big conference in January, and two young people conferences in July and August.

Yes, sir, Brother, Myrtle's major business may have gone, but we've still got three good stores to buy groceries, McNeely, Merritt and Simmons. The first two sell mostly groceries, but Simmons has most anything from sardines . . . to shotguns. Brother, you just name it!

Of course I would, if had it to do over again — come to Myrtle. But I wouldn't wear Jim Andy's scratchy blue serge pants, without drawers, and I would also do my best to find a shorter cut, and maybe less hard work trying to win that Miss Annie's hand. But my, my what wonderful 58 years she's been to me.

She's been worth every minute of it.

There've been recent years. We re-elected our former mayor, Mrs. Craig, and five new aldermen.

There've been nine new homes up the northeast road. Two others almost finished, beside the others.

Of course . . . Myrtle is like hundreds of little towns . . . all over America . . . Some have grown up in, and elected to stay . . . many others, however, have moved away. And because they moved away . . . didn't nearly mean that they were "prodigals" either!

Some of the very finest young men and women have left the small towns . . . gone to many areas of the world . . . trying to make the world a better place in which to live! Sometimes we've wondered what caused the little city of Galliee, of Biblical Days to come into such ill-repute. Nevertheless out of it

came the World's Greatest Character . . . our Lord, and Saviour Jesus Christ!

Certainly . . . the little 'cross-road villages' have had no small part in making America the Great Country that it is today! And . . . we think it should also be said . . . that these 'out-side areas' . . . are also contributing much to the little towns of our days. So many now reside in these small towns . . . and pursue their livelihoods in the nearby larger towns and cities . . . and folks . . . isn't it marvelous . . . and so challenging . . . to be living in such a wonderful age as we have it NOW!

Oh . . . Boy . . . its time to quit this 'chatter' . . . really bed time. Sure . . . there's many things that could, and should be said of far more importance . . . concerning persons and things . . . Just try to overlook errors . . . and over emphasis on trivialities. Quite often I like to think of Old Bro. Jacob . . . when he left home trying to get away from his Bro. Esau . . . camped out that night . . . got so lonesome . . . had that dream that night, next morning, reflecting on it said: "Surely the Lord was in this place . . . and I knew it not" . . . We just never know . . . guess the main thing . . . where ever you 'cast lot' . . . try to make the best of it . . . and appreciate the things that come your way . . . and be assured: "The Lord will be there too! Thanks . . . to Mr. Rutledge for giving me this chance to say a few things about a Marvelous Little Town . . . called Myrtle.

Education

New Albany's school system offers an outstanding educational program for all ages from kindergarten through high school. All schools in the system are members of the Southern Association of Colleges and Schools, and hold an AA rating, which is the highest obtainable through the Mississippi

We are proud of our team. Four signs on four major highways are the efforts of John Stroud, New Albany Park Commission, and Robert Kennedy of Wallerville Community.

Commission on School Accreditations.

As evidence of the local citizenry's commitment toward quality education, a \$2 million annex to the junior high school is presently under construction after an 82% vote by the electorate.

Student achievement in the city's school system is on the national average, according to standardized tests, and considerably above the Mississippi average. Among the many honors bestowed on the New Albany Public School System, the coveted Bellamy Award, representing the best in the state of Mississippi, was perhaps one of the most prestigious. The curriculum include programs for the gifted and talented, handicapped, and remedial, as well as regular academic courses.

Vocational-technical training is also offered at the New Albany Vocational Center. Students may choose from a wide variety of courses available, such as business and office

training, drafting and design, fashion merchandising, electronics, and auto mechanics.

New Albany, MS

It is with fondness that Katherine Dye remembers the days she spent as a student at Central Elementary — the recess games, the 'whole hour' for lunch, and the wonderful teachers who helped to shape her life. She remembers, with mixed emotions her days as a teacher of middle school students in the old building. She thinks of the successes and failures of students who have come her way, of the many friends she has made among students and faculty members, of the diversity of events that occur every school year and the excitement surrounding each one. She sometimes shudders to recall the coldest days in January when the heating system wouldn't warm and the suffocating days of September and May when one could hardly breathe because of the heat.

Hoping to revive pleasant memories for others, Mrs. Dye has had limited edition prints made of a water color painting of the "Old School Building." Mrs. Dye has other prints to her credit, among them are The Old Frisco Depot, The Old GM&O Freight Office, the First Baptist Church of New Albany, New Albany From Across the Bridge, and the Old Sherman School Building, Sherman, Mississippi.

In researching the history of the old New Albany School, Mrs. Dye found information which she felt would be of interest to persons who have attended either of the schools housed in the old building.

1875 Only 7 pupils attended the New Albany City Schools.

1892 New Albany became a 2nd class municipality and was then ready to buy or build a school building.

1893 September 4, the aldermen and mayor ordered sale of bonds in the amount of \$500 at 7% interest, making a total of \$2000 available for the purpose of buying or building a school house.

1894 In May the board arranged to buy the privately owned New Albany High School for \$1000.

1900 November 6, the Board of Aldermen ordered a proposition to be submitted to the town voters for a new building. It passed. During the next decade education made steady progress toward developing a good public school program.

1901 July 23, a teacher's residence was built at the corner of Apple and Glade Streets for \$750. Much of the material for its construction was salvaged from the old frame school building that was torn down to make room for the new two-storied brick building with full basement (1902) including steam boiler room and toilets, eighteen classrooms offices, and a large auditorium used as a study hall, all built for \$8,250.

1907 New Albany High School was first accredited by the Southern States — the third such school in the state.

The four men who contributed greatly to the construction of Kitchen's Field on the Daniel High campus are from left Bobby Coltharp, "Poodle" Kitchens, Ben Kitchens and Joe Robbins.
